I just found out that my partner, police canine, and beloved family pet, Iko has a herniated disc that paralyzed his rear quarter. He went into surgery to repair the disc to relieve the compression off of his spinal cord. We are hoping to raise funds to help pay for Iko's surgical expenses. Thank you all for your concern, notes and blessings. Our family appreciates your support for Iko's full recovery.

Thank you, Steve

K9 Iko is a purebred German shepherd from the Netherlands who has been working at the Windsor Police Department since 2008. Iko suffered an on-duty injury while on patrol Tuesday, Feb. 17th. A GoFundMe account was established in Iko's name to help cover his medical costs.
